*Parent Involvement: Challenges and Meaningful Change* is a video training module that provides a brief overview of the research on the importance of parent involvement in the education of youth, tools for educators to use to facilitate active parent participation, a review of helpful communication skills, and other research-based strategies. The DVD also includes the following downloadable documents for use during training:

- A Facilitator's Guide
- Copies of the Power Point slides for participants
- Handouts
  - Stages of Grief
  - Parent Involvement Dos and Don'ts
  - Parent Involvement Planning Guide
- References

**Cost: \$150.00**
